PRODUCT OVERVIEW

FiberTek™ is made from pre and post-consumer synthetic fiber and will not support the growth of mold or mildew. FiberTek™ has excellent thermal insulation and acoustical properties, and provides comfort underfoot with less fatiguing than direct-glue-down installations. It is designed for use in commercial applications such as offices, meeting rooms, dorm rooms, retail spaces, healthcare facilities, etc.

Leggett & Platt is a proud partner with CARE – Carpet America Recovery Effort™
